

**WESTERN ILLINOIS UNIVERSITY**  
**BOARD OF TRUSTEES**

December 17, 2010

Report No. 10.12/6  
Fiscal Year 2011 Master Plan Update

and Sciences, Education and Human Services (excluding Curriculum and Instruction), and Fine Arts and Communication; and University Administration The building will feature 18 classrooms, two computer laboratories, and discipline-specific laboratories for Engineering and Manufacturing Engineering Technology. All instructional spaces will be equipped with state-of-the-art electronic classroom technology and flexible furnishings.

With adoption of the \_\_\_\_\_, Western Illinois University committed to upgrading electronic classrooms. Through combined efforts of staff from Physical Plant, University Technology, Quad Cities Technology, and Academic Affairs, 42

Metrolink will carefully consider a fee increase (estimated at .25 cents per credit hour) to give students universal bus access on Metrolink. The campus is also working with the City of Moline on 34<sup>th</sup> Street enhancement and construction of a new road on the south border of campus to improve the aesthetic and decrease potential pedestrian / vehicular conflict.

An **Aesthetically Pleasing Appearance** is demonstrated by new and renovated facilities that reflect campus pride and the University's commitment to sustainability.

In addition to facilities enhancements documented earlier in this report, new and renovated facilities include implementation priorities from the

- Corbin-Olson c

Brophy Hall, made infield improvements to McKee Softball Stadium and Boyer Baseball Stadium, and is designing a sprinkler system for the Baseball Stadium.

- Through \_\_\_\_\_ and the University's comprehensive fundraising campaign, Western will continue to seek support for athletic facilities enhancements, including Hanson Field improvements and west section renovation; a press box, team benches, permanent seats, and lights for men's and women's soccer; lights for the Softball Stadium and a practice field; and expansion of the Student-Athlete Academic Support Center.

Institutional commitments to su

- Western Illinois University-Quad Cities is currently seeking a grant from the Illinois Clean Energy Foundation to support Phase II as a Gold Certified Leadership in Energy and Environmental Design construction project.
- The Macomb Campus continues to support native Illinois plantings, and the Quad Cities Riverfront Campus will support natural vegetation in its landscape to promote environmental sustainability (survival) in case River Drive floods.
-

six residence halls; construction of 1,500 linear feet of walk and shallow tunnels to replace the original direct

- Received construction funding for a new bus garage for GoWest Transit.
- Initiated program and design studies for expanding Beu Health Center, renovating the
