

AN ENVIRONMENTAL ASSESSMENT OF SELECTED

~~NATURAL RESOURCES IN THE GREAT LAKES BASIN~~

An abstract of a

~~Project Report Documented by the~~

ABSTRACT

Environmental assessment is the evaluation of human actions on the landscape and their effects on the physical and cultural phenomena in the environment. Concern for the environment in the United States has increased in the latter half of the twentieth century. This concern has led to different approaches in assessing impacts on the environment

projected impacts to the five natural resources are evaluated
using conservation legislation pertaining to each natural
