"As I reflect on my time at Western, I am very grateful for being a part of the Malpass Library staff. In addition, I'm very thankful to

the donors of the William H. and Eva Little Graham Libraries Student Assistant Scholarship, which afforded me an opportunity that immensely helped me during my studies."

"Giving has always been part of this democratic experience called America. For students, scholars, and the community, gifts to the libraries represent a foundation for our work for them. Giving is part of solidifying the cathedral of knowledge that is the library in a free society."
